A PLAYGROUND EXPERT TRAIN FOR CITIZENSHIP

Dr. W. B. Dickinson, Chautauqua Lecturer, Believes in Play. Educator Says Efficiency Is Needed More Than Languages.

IS SECRETARY OF NATIONAL ASSOCIATION. WILL SPEAK HERE CHAUTAUQUA WEEK.

Will Deliver an Address on Second Day of Chautauqua and Would Meet All Recreation Enthusiasts. Uel W. Lamkin Believes Character Building a School Duty—Would Teach Boy to "Stick to His Job."

Equipped and supervised playgrounds will be discussed at the Chautauqua this summer by Dr. W. B. Dickinson, associate secretary of the Playground and Recreation Association of America. He is one of the Chautauqua's practical lecturers, working "to get things done."

Dr. Dickinson believes in play for boys and girls. He believes that every city should have a well equipped playground and that there should be a playground some place in the yard if there are children in the home. He is a graduate of Wabash college and served as a lecturer under the department of education of New York city before going on to the Chautauqua platform.

Nowadays a man is educated who is "on to his job."

In his view of education he doesn't care how many languages a boy can speak, nor would he have him study subjects in school for the "mental discipline."

This is the way he puts it: "An engineer, architect, farmer, lawyer, any skilled laborer, is really educated if he can do his work well—if he is efficient."

"It is the business of the schools to train for efficiency, no matter what the later vocation may be, and courses of

DR. W. B. DICKINSON.

He has aided many cities in the establishment of equipped playgrounds and is said to be one of the greatest authorities on playground work and outdoor recreation for children in the country.

Dr. Dickinson is a forcible speaker. His address will come on the second afternoon of the Chautauqua, following the Muehling-Page recitals.

He will be very anxious to meet all in this community who are interested in playground work, and conferences may be arranged after his arrival.

Keep in touch with the Chautauqua manager on this point if you care to attend any such meeting that might be held. It will prove of interest and profit to all who do attend.

CHAUTAUQUA NOTES.

It's hot. Get a Chautauqua ticket and keep cool.

The Chautauqua is for hot weather. Don't let the heat drive you away.

The Riner Sisters will furnish both music and entertainment on the fifth day of the Chautauqua. They have made over 300 Chautauqua appearances.

Lenge's Symphonic Orchestra of Kansas City will be the big feature in music at the Chautauqua. They will play afternoon and evening of the fourth day.

Ralph E. Page of the Muehling-Page Recitals, who comes to the Chautauqua on the second day, is a Kansas City baritone, who is winning his way to musical fame. He has sung three years with the Kansas City Grand Opera Company.

Mr. Lamkin is one of the most progressive school men in the west. He has served as inspector of high schools in his own state and is the only "country school man" ever to be elected to the presidency of the State Teachers' association.

He is a member of the National Educational association and of the National Society For the Promotion of Industrial Education.

He will speak at the Chautauqua on the afternoon of the fifth day.

UEL W. LAMKIN.

study must be arranged so that efficient citizens will be trained.

"What we need is less stress on a would be scholarship and more stress on efficiency in citizenship."

"I believe that the entire school plant should be used for the largest benefit of the school district. It should be open for public meetings of all kinds, for high class entertainments, Lyceum courses, etc. Its laboratories should be used for making such tests as would be of benefit to those the school serves. Its library should be open for the use of the general public, under the proper restrictions, of course."

"The present position of Germany commercially is due to her system of vocational training. Her plan is to have no untrained men."

"Play is an important part of the modern system of education. Well directed play will aid school work."

Mr. Lamkin believes that no system of education will ever be devised that will relieve the school of the responsibility of training children in true character building and that the first lesson the boy should learn is to "stick to his job."

The Chautauqua Quartet

THIS quartet, which sings here on the third day of the Chautauqua, is a product of the Chautauqua. Their program has been especially designed to meet the peculiar requirements of hot weather entertainment. It is a wealth of sweet singing and rich harmony—things that every one demands of a male quartet. The men all have good voices that have been carefully trained, and their program is said to be a huge success.

QUITE A WRECK.

Our people were given the opportunity of viewing almost a full sized wreck Friday morning. Thursday night the local freight in charge of Conductor Ed Pussey, was sidetracked to let a special freight go through for the west. A special freight train in charge of Conductor Reed was coming east from gathering up about 30 cars of wheat on the Jetmore branch, which was also to sidetrack for the west bound freight train. Engineer Caldwell of the wheat train run in behind the local train which was then in the yards and came down the siding at about as slow a pace as a train load of wheat behind an engine would permit. When it became time to stop Caldwell found to his horror that the brakes on his engine would not work. He notified his fireman and they both jumped off at the crossing just west of the depot. The excitement was then coming—the wheat train crashed into the caboose of the local, smashing that car into splinters. Two oil cars just ahead were derailed, while the track was deprived of several dozen ties which were cut up. The engine was put out of business and laid dead in the yards here until Saturday evening when it was hauled in to the shops to be repaired.

No particular blame is placed upon anybody, as the brakes of the engine was the cause of it all. It was fortunate that all the disturbance was on the sidetrack.—Pawnee Rock Herald.

STOLE A TEN DOLLAR BILL.

A traveling man stopped behind the cigar case at the Wolf Hotel Tuesday morning, when no one was in the office, opened the cigar case and helped himself to a handful of cigars and a ten dollar bill that was in the case. Mr. Bruer, the proprietor, stepped in to the room before the fellow could get away from the case and he tried to square himself by saying he wanted a smoke and had taken three cigars, which he offered payment for. Mr. Bruer missed the bill and accused him of taking it, but the man strenuously denied it and picked up his grips and left.

Mr. Bruer still believed the fellow had the bill and went out to hunt the marshal and have him arrested. In the meantime the man went to the livery barn of "Candy" Thornsbury and hired a team and driver to take him to Great Bend. Marshal Kaiser and Deputy Schrader, Chas. Brenn and Thornsbury hurried after the man and overtaking him just out of the city limits brought him back into town and charged him with the theft. After some sweating he confessed to the theft and gave back the money, when they turned him loose. He is an old man about 60 years of age and for that reason they did not prosecute him. He did not try to excuse himself in the least and took the matter quite cool.—Elfinwood Leader.

SENATE CONCURRENT RESOLUTION NO. 4

A proposition to amend sections 1 and 2 of article 11 of the constitution of the state of Kansas, relative to finance and taxation.

Be it resolved by the Legislature of the state of Kansas, two-thirds of the members elected to each House thereof concurring therein:

SECTION 1. The following proposition to amend the constitution of the state of Kansas is hereby submitted to the qualified electors of the state for their approval or rejection: That sections 1 and 2, article 11, be amended to read as follows:

Section 1. The legislature shall have power to establish and maintain an equitable system for raising state and local revenue, and may classify the subjects of taxation so far as their differences justify the same, in order to secure a just return from each. All property used exclusively for state, county, municipal, literary, educational, scientific, religious, benevolent and charitable purposes and personal property to the amount of at least two hundred dollars for each family, shall be exempted from taxation. Taxes may also be imposed on incomes, franchises, privileges and occupations, which taxes may be graduated and progressive, and reasonable exemption may be provided.

SEC. 2. This proposition shall be submitted to the electors of the state at the general election in the year 1914 for their approval or rejection. The amendment hereby proposed shall be designated on the ballot by the following title: "The tax amendment to the constitution," and shall be voted for or against as provided by law under such title.

SEC. 3. This resolution shall take effect and be in force from and after its publication in the statute book.

Passed the Senate February 4, 1913.

Passed the House March 7, 1913.

Senate concurred in House Amendments March 7, 1913.

Approved March 10 1913.

I hereby certify that the foregoing is a true and correct copy of original Senate Concurrent Resolution No. 4, now on file in my office.

CHAS. B. SESSIONS, Secretary of State.

HAPPY MOTHERHOOD

The happiness of motherhood is too often checked because the mother's strength is not equal to her cares, while her unselfish devotion neglects her own health.

It is a duty of husband or friend to see that she gets the pure medicinal nourishment in Scott's Emulsion, which is not a drug or stimulant but nature's concentrated oil-food tonic to enrich and invigorate the blood, strengthen the nerves and aid the appetite. Physicians everywhere prescribe Scott's Emulsion for overworked, nervous, tired women; it builds up and holds up their strength.

Get Scott's at your nearest drug store.
